Thank you Nyla, Dee and Luke,

Los Feliz Village BID is happy to announce that our contract has been renewed for another year and I mentioned to our City Councilman yesterday at our hearing of BIG Sunday and all of the other wonderful things we plan on doing this year and in 2018. None of this is possible without the assistance of all the great volunteer board members on the LFVBID and their hard work. I want to thank the LFIA and LFNC for partnering with us in projects like BIG Sunday as we can accomplish so much more work. Please RSVP for BIG Sunday at www.losfeliz.biz <<http://www.losfeliz.biz>> and please let your friends and neighbors know about this great clean up event. I look forward to collaborating with all of you and making Los Feliz an even better, prosperous community. Again, thank you.

Respectfully,

Rafik Ghazarian

Hi Luke,

So much going on this month—especially your board meeting last month and mine last night. Our Beautification Chair reported on the May 7 Big Sunday and is putting together a team as well. I'm happy we're working together on this effort.

Best,

Nyla

Good afternoon Luke,

I hope all is going well with you. I'm following up on the LFVBID's BIG Sunday clean up of the village. I have heard back from Nyla at LFIA and their chair will be letting us know their logistics for that day and we will be able to borrow some supplies from them. LFVBID has limited supplies but with the generous assistance from LFIA we will be able to give every attendee a broom, shovel, rake or some type of tool to use that day. Our committee head Rosa Marie will be purchasing additional supplies and the city has been extremely generous to have city workers that day picking up our filled trash bags. Lastly, refreshments and food will be handled by the BID for the attendees.

Presently we have 2 groups that have volunteered with us from Hollywood Prep school and also from the Parsons Corporation. We are reaching out to Kaiser to see if they would like to also help out that day. Our BID board members will also be assisting with the clean up that morning. My chair has mapped out the business community and as we had discussed it would be great to add in the adjoining residential streets. With that said we still would need more volunteers. Please update me on what your NC Members thoughts were on this and if your committee head was going to pursue it. Thank you.

Respectfully,
